

UTILITY 2015

CHEVROLET

**WHY JUST GO
FROM A TO B**

**WHEN IMAGINATION
CAN TAKE YOU EVERYWHERE.**

The road. A simple path, really. And yet it's come to mean so much more. Perhaps the real reason roads are special is that each one leads to some place we're not - but could be. At Chevrolet, roads are our springboards. They challenge us, taunt us and guide us to create better, more exciting, more ingenious ways to move through life. They drive us to places we've never been before. We'll never stop seeking out new roads.

FIND *NEW* ROADS™

WORK AND PLAY, ROLLED INTO ONE.

This third generation Chevrolet Utility bakkie is unmistakably Chevrolet. Our new global design language, distinctive strong, bold and global new

Chevrolet face and innovative interior styling truly stand out from the rest, offering outstanding performance and fuel economy, superior convenience, class-leading infotainment package

and enhanced safety features. The Chevrolet Utility isn't afraid to roll up its sleeves, get down in the dirt and get the work done!

EXTERIOR DESIGN

THEY SAY GOOD THINGS COME IN THREES.

Available in Base, Club and Sport versions, the new Utility is unmistakably strong, undeniably Chevrolet. Combining a unique dual-port grille with dramatic,

crisp exterior lines, conveying a sense of motion from front to back. The elliptical-shaped headlamps, stretching from the front fascia to the mid-section of the front fenders, provide an aggressive, swept-back

appearance. Who says a small bakkie can't look good while getting it all done?

INTERIOR DESIGN

HARD-WORKING BAKKIE ON THE OUTSIDE. ALL THE COMFORTS OF A CAR ON THE INSIDE.

As soon as you slip into the driver's seat of the Chevrolet Utility bakkie, you will immediately be surrounded by modern design and comfort.

Standard height-adjustable steering wheel and driver's seat allow you to easily find the most comfortable driving position. Whilst our new embossed-design seat covering technology, a retro-design digital and analogue instrument cluster

with ice-blue illumination, and the sporty 3-spoke steering wheel enhance your driving experience of this ultra-modern small bakkie.

PERFORMANCE

MORE HORSEPOWER, WORKING FOR YOU.

The Chevrolet Utility is a modern, cost-effective small bakkie that combines reliability and workhorse ability with desirable styling. Available in 1.4L and 1.8L petrol. The 1.4-litre, class-leading Utility provides excellent fuel economy (7.2l/100km) and unmatched power (68kW/120Nm) – making sure the job gets done, for less.

SAFETY

AS SAFE AS THE HOUSES YOU COULD BUILD.

The Chevrolet Utility has driver and passenger airbags standard on all models – a first in the

sub-one-ton small bakkie segment. But we've taken it further, with crumple zones and collapsible steering column technology to help prevent harm

to vehicle occupants in an accident.

THE POWER OF TECHNOLOGY.

The new Chevrolet Utility Club and Sport models contain so much more than you would expect in a

small bakkie, including advanced driver technologies, like automatic headlights-on*, automatic door locking on drive-away*, and “Lead Me To The Car” lighting.*

It’s the power of technology, working for you.

*On selected models

ENTERTAINED. INFORMED. INSPIRED.

The Chevrolet Utility stands out with an RDS audio system that is standard on the Club and Sport models (optional on the Base model). The system features a

front-loading CD player, MP3 compatibility, and both a USB port and auxiliary inputs for iPods and other entertainment devices. All radios support Bluetooth Audio Streaming as well as Bluetooth

hands-free connectivity for the control of mobile phones. Enhance your driving experience in every way with the new Chevrolet Utility.

UTILITY BASE

GET THE WORK DONE IN STYLE AND COMFORT WITH THE UTILITY BASE.

AVAILABLE IN 1.4 OR 1.8 LITRE PETROL ENGINES.

KEY FEATURES:

- Driver and passenger airbags
- Anti-Lock brakes (ABS) and Electronic Brake-Force Distribution (Base AC models only)

- Side impact beams

- 5-speed manual transmission

- Digital ventilation controls

- Transponder immobiliser

- Data Dot vehicle identification

- 12V auxiliary power supply

- “Follow Me Home” lighting

- High mounted rear brake light (3rd brake light)

- Power steering

- Tilttable steering column

- Height adjustable driver’s seat

- Height adjustable seat belts

- Driver and passenger sun visor with vanity mirror

- Colour-coded bumpers

- Loadbox protective mouldings

- Loadbox side step

- Lockable tailgate

- Tinted windows
