

# CAPTIVA 2016

***READY TO  
IMPRESS.***

### **WHEN YOU TAKE A CLOSER LOOK**

*under the Captiva's bonnet, you'll find one of two powerful engines, a petrol or diesel. These engines are made for performance and for getting you further on one tank, through their outstanding fuel economy. They boast a manual or automatic six-speed transmission for you to enjoy the smoothest ride in town. The Captiva is designed to adapt intuitively to your driving style, giving you full control under any road condition.*

**FIND *NEW* ROADS™**

*EXTERIOR DESIGN*

***READY TO  
SEDUCE.***

***THE SOUNDS OF OOOHS AND AAAHS*** come standard when you're in this modern-day beauty. The sleek design and the effortless curves of this vehicle make it a showstopper and we're not shy to say, "The Captiva's a stunner."

TECHNOLOGY

**READY TO  
WELCOME.**

***THE CAPTIVA EXPRESSES INTERIOR STYLING*** with consummate ease. Not only has it been specifically designed to accommodate all who enter it, but it gives you and your family the

most enjoyable ride yet. It's always the perfect temperature in the Captiva, thanks to Dual Zone Climate Control, and the experience is made better with rear parking sensors, Chevrolet

MyLink, Cruise Control and Keyless Entry and Keyless Start (PEPS).

*INTERIOR DESIGN*

***READY  
FOR THE  
UNEXPECTED.***

**THE CAPTIVA HAS A DESIGN** that speaks for itself, and handles perfectly in any condition the South African landscape can throw at it. Adventure is

easy because it allows for extra storage space and has three rows of seats with a 7-seat capacity, so that nobody is left behind.

From a passenger seat that folds flat to the 60/40 split to carry cargo, there is never a space issue with this vehicle.

PERFORMANCE

**READY  
TO EXPLORE.**

**THE GREAT OUTDOORS** is a place for making memories and taking your Captiva to its limits. It has savvy electronic aids for the times when you have to show the road who's in charge,

such as Electronic Stability Control (ESC), Traction Control System (TCS), Braking Assist System (BAS), and Continuously Variable Real Time Damping, now with Trailer Stability Assistance

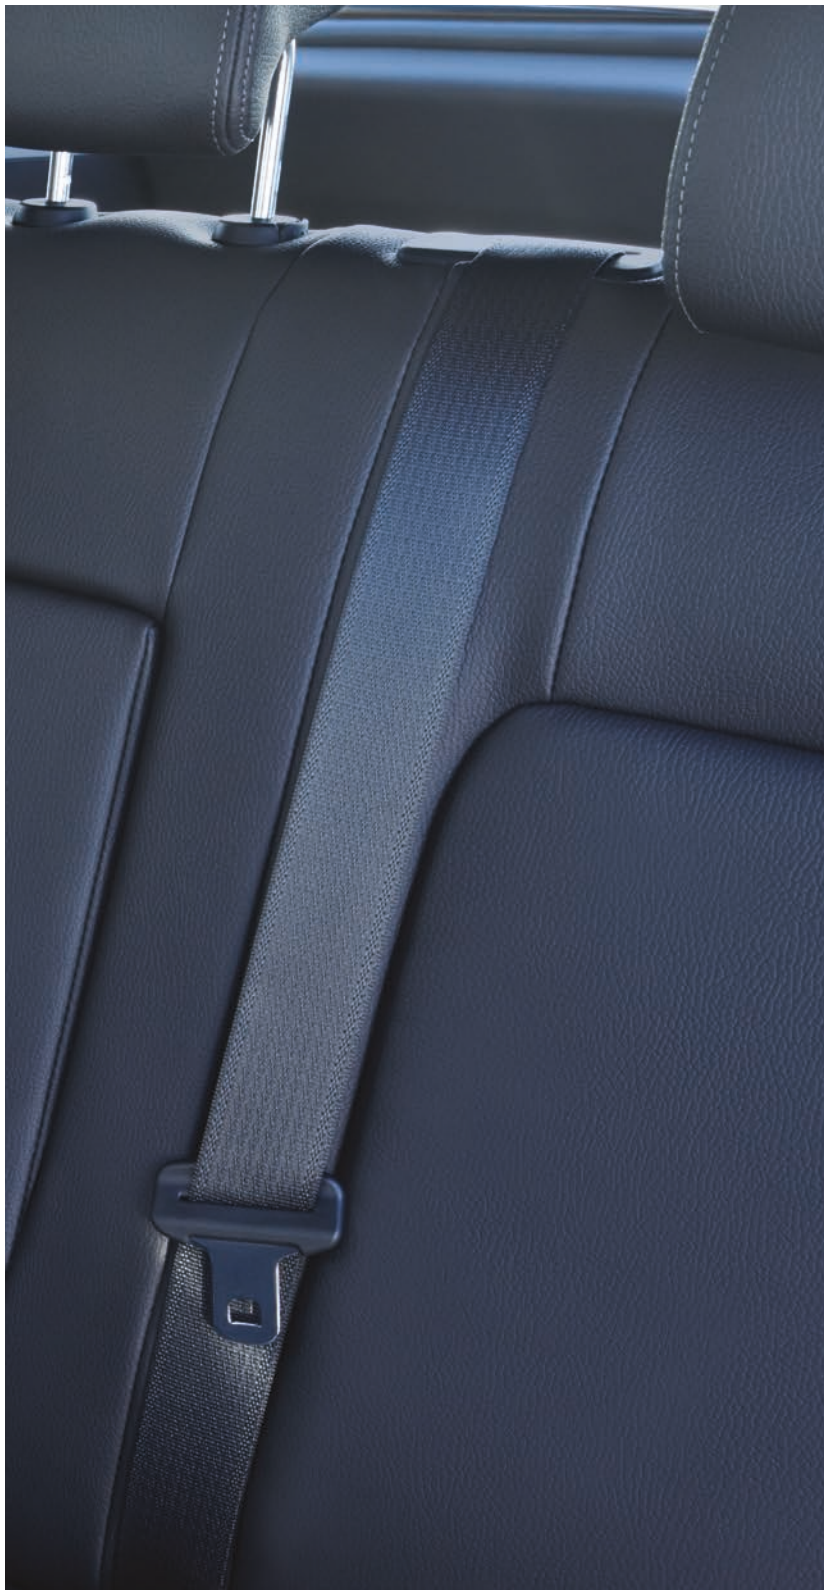

which works to evenly distribute the weight across the vehicle and is activated automatically when a heavy load in the rear is detected, resulting in improved handling and safety.

SAFETY

**READY TO  
PROTECT.**

***THE CAPTIVA PRIDES ITSELF*** on safety, because what good is beauty without the brains? Our 5-Star Euro NCAP rating is testament to our continuous efforts to always keep you safe. Features include front, side and curtain airbags, meaning that everybody who steps into the vehicle is protected. Other safety features include the Hill Start Assist, to prevent rollback on inclines, and the Hill Descent Control that slows you down on steep gradients.

**ACCESSORIES**

**READY FOR  
EVERYTHING.**

**AS YOU'VE SEEN BY NOW**, the Captiva comes standard with fantastic features, but for those of you who feel like you want to add on an extra

feature or two, you can grab a Thule™ Tool Box for family vacations or add a towbar for extra convenience, and don't forget our stylish interior

and exterior accessories. All of these can be purchased at your local dealer.
